SUPPLEMENTARY INFORMATION:

Part I General Information

A. Program Purpose

Head Start is a national program providing comprehensive developmental services primarily to low-income preschool children and their families. To help enrolled children achieve their full potential, Head Start programs provide comprehensive health, nutritional, educational, social, and other services. In addition Head Start programs are required to provide for the direct participation of the parents of enrolled children in the development, conduct, and direction of local programs. Head Start currently serves approximately 713,000 children

through a network of approximately 1,395 grantees.

While Head Start is targeted primarily toward children whose families have incomes at or below the poverty line or who are eligible for public assistance, regulations permit up to 10 percent of the Head Start children in local programs to be from families which do not meet these low-income criteria. Head Start regulations also require that a minimum of 10 percent of enrollment opportunities in each program be made available to children with disabilities. Such children are expected to be enrolled in the full range of Head Start services and activities in a mainstream setting with their non-disabled peers, and to receive needed special education and related services.

B. Background on Demonstration Project "A Head Start on Science"

The report from the Advisory Committee on Head Start Quality and Expansion emphasizes that quality services to Head Start families must be given priority attention by all Head Start programs. The report underscored the need for staff development and training and supports initiatives designed to increase staff understanding of concepts and principles which will help them become more effective in early childhood settings.

This project is designed to link colleges and universities to Head Start programs for the purpose of teaching science to Head Start staff. Highly intensive, hands-on instruction will provide teachers, assistants, and home visitors with exposure to the principles of science and increase their insights and skills regarding how to take their college campus experience and create classroom environments which invite child exploration and discovery. The staff will also increase their understanding of the natural learning environment presented by the out-of-doors, and the child's own home. We expect that "A Head Start on Science" model will be developed and documented in suitable printed and visual materials to be used to transmit the concept and approaches to other institutions of higher learning and Head Start communities. Project funds may also be used to present and distribute information at appropriate regional and national Head Start events, and to members of the Head Start training and technical assistance network. Also, it would be appropriate for the grantee to develop strategies and products which will assist other local Head Start programs to negotiate with their local college or university for similar staff training.

We believe that as a result of participating in "A Head Start on Science" demonstration project, Head Start teachers, teacher assistants, and home visitors will be instrumental in creating a lifelong interest in science both for themselves and for the children and families with whom they work. We believe that staff will be impacted by the knowledge that science is found not only in a laboratory under a microscope, but in the everyday world in which they live. As a result of this experience, teachers, assistants and home visitors' concepts of science and their own scientific abilities will increase and in turn have a powerful effect on their ability to engage in discovery and establish environments in which children and families may explore, discover and interpret scientific activities.

This announcement is soliciting applications from two or four-year colleges or universities, i.e., institutions of higher learning that grant degrees. Awards, on a competitive basis, will be for a one-year budget period, although projects periods may be for two years. Applications for continuation grants funded under these awards beyond the one-year budget period but within the two year project period will be entertained in subsequent years on a non-competitive basis, subject to availability of funds, satisfactory progress of the grantee and a determination that continued funding would be in the best interest of the Government. The Department of Health and Human Services will award one grant under this announcement. Up to \$550,000 will be available for a 24 month project period.

In the first year of the grant, the grantee institution will use these funds to create, demonstrate and evaluate a summer institute prototype on their campus during the summer of 1996 with follow-up assistance to Head Start staff graduates as they implement their new skills at their local programs. Also in year one the grantee will recruit another college or university in which to replicate the model in year two.

In the second year of this grant, the grantee institution will improve the prototype program based on year-one experiences, and will offer the hands-on science program to a new group of Head Start staff during the summer 1997. Also during the second year, the "A Head Start on Science" grantee will fund for one year, and mentor another college or university to: (1) Implement the prototype "A Head Start on Science" model in the summer of 1997 and; (2) provide follow-up assistance to the Head Start staff as they plan to

implement their new skills in their local programs. The addition of a second institution will provide the opportunity to evaluate the effectiveness and transferability of the concept.

Throughout the grant period, a third party evaluator must be secured by the grantee institution to assess the effectiveness of the approach, content and transferability of the "A Head Start on Science" project. The third party evaluator must not be involved in the conduct of the demonstration. The evaluation of the students in both institutes in the summer of 1997 will be completed by the end of the project period. It should focus on the students' plans for the implementation of the program and principles.

Statutory Authority

The Head Start Act, as amended, 42 U.S.C. 9801 et seq.

D. Project Period and Funding

A total of approximately \$550,000 in ACF funds will be available to fund the demonstration project for a 24 month period. Applicants must propose how much will be needed for each 12 month period of the project.

The grantee must provide at least 20 percent of the total cost of the project. The total approved cost of the project is the sum of the ACF share and the non-Federal share. The non-Federal share may be met by cash or in-kind contributions, although applicants are encouraged to meet their match requirements through cash contributions. Therefore, a project requesting \$550,000 in Federal funds (based on an award of approximately \$275,000 per budget period) must provide \$137,500 in cash or in-kind contributions (20% of total project costs of \$687,500).

E. Eligible Applicants

Applicants must be either two year or four year institutions of higher learning which are colleges or universities, private or public, having the capability to create, demonstrate and evaluate a summer institute prototype.

Part II Special Requirements

A. Colleges and universities are eligible to apply for these funds. The college or university must also be able to award college credit to Head Start staff that successfully complete the summer program.

B. The project should be directed toward Head Start teachers, teachers' assistants and/or home visitors.

C. Funds may be used for university operating expenses and related costs. Related costs include such activities as

planning and development costs, administration, supplies, insurance, university staff salaries, training provided at Head Start events and the third party evaluation.

D. The university or college institute teaching team will be comprised of individuals with knowledge of science, adult learning, and early childhood education.

Part III Specific Responsibilities of the Applicant

When submitting an application under this announcement, applicants should include a maximum of 50 typed, doubled-spaced pages. Applicants interested in submitting an application for the training prototype must:

A. Describe the design of the project. Include a description of how the summer institutes will address the unique needs of teachers, teacher assistants and/or home visitors.

B. Provide a sample curriculum for the summer institute participants based on content and approach which will help increase participants' knowledge of science, increase their understanding and skills regarding how to create classroom environments, and capitalize on the out-of-doors and family settings as areas of scientific exploration and learning.

C. List projected field experiences appropriate to the location of the college and Head Start programs. These may include trips to the ocean, visiting a quarry, aquarium, desert, nature trail, or wild life reserve. Information submitted should include the total number of hours of the institute program including a breakout of instruction vs. field trip experiences.

D. Describe a plan for how many participants will be included in each summer program and how these participants will be recruited.

E. Describe what provisions will be made for residential, intensive summer institutes for Head Start teachers, teacher assistants, and/or home visitors.

F. Describe provision of materials, lunch and snacks, stipend or reimbursement, transportation to field activities, and entry fees.

G. Describe the college credit to be awarded for work completed during the summer institute and for implementing new knowledge and practice back at local programs.

H. Describe the plan for the extension of the summer institute into Head Start settings and the provision of on-site feedback and ongoing support for adults applying their new skills.

I. Explain the criteria and the approach to be used to recruit, fund,

and mentor another college for the second year of the project.

J. Develop an evaluation of the project to determine the effectiveness of the project. Describe the research questions to be addressed. Describe the evaluation that would be implemented, including the outcomes that would be measured, the evaluation design to be employed, and how the data will be analyzed. The evaluation should also include an analysis of the second summer institutes. The project and the evaluation will be completed by the end of the project period.

K. Provide a description of the qualifications of each key staff member including the third-party evaluator (the evaluator cannot be a member of the demonstration project staff). Include copies of their curriculum vitae.

L. Describe a plan to establish a self sustaining project, since this will be a prototype other colleges and universities may want to adapt. It is expected that the applicant may pay for more activities and services during the first year; however, attempts should be made to run a more self supporting program by year two. Outside resources or Head Start grantees that see these services as a priority can support some of the cost of the training.

Part IV Evaluation Criteria

In consideration of how applicants will meet the requirements and responsibilities addressed under Parts II and III of this announcement, competing applications from colleges and universities will be reviewed and evaluated against the following criteria.

A. *Objectives and Need for Assistance* (15 points).

The extent to which the applicant outlines an acceptable plan of action pertaining to the scope of the project; details how the proposed work will be accomplished and lists each organization, consultant, and other key individuals who will work on the project, along with resumes and a short description of their responsibilities or contribution to the applicant's work plan. Describe the evaluation methodology that will be used to determine if the needs identified and discussed are being met and if the results and benefits identified are being achieved.

Information provided in response to the following items under "Specific Responsibilities of the Applicant" will be used to review and evaluate applicants on this criterion: Letters A,B,C,E,F,G,H,I.

D. Staff Background and Organization's Experience (20 Points).

Identifies the background of the project director/principal investigator and key project staff (including name, address, training, most relevant educational background and other qualifying experiences) and the experience of the college or university to demonstrate the applicant's ability to effectively and efficiently administer this project.

Information provided in response to the following items under "Specific Responsibilities of the Applicant" will be used to review and evaluate applicants on this criterion: Letter K.

E. Budget Appropriateness and Reasonableness (10 Points).

The extent to which the project's costs are reasonable in view of the activities to be carried out and the anticipated outcomes. The extent to which assurances are provided that the applicant can and will contribute the non-Federal share of the total project.

The extent to which the amount budgeted for the evaluation is sufficient to conduct the evaluation.

Applicants must submit any required material to the SPOC as early as possible so that the program office can obtain and review SPOC comments as part of the award process. It is imperative that the applicant submit all required materials, if any, to the SPOC and indicate the date of this submittal (or date of contact if no submittal is required) on the SF 424, item 16a.

Under 45 CFR 100.8(a) (2), a SPOC has 60 days from the application deadline to comment on proposed new or competing continuation awards.

SPOCs are encouraged to eliminate the submission of routine endorsements as official recommendations.

Additionally, SPOCs are requested to clearly differentiate between mere advisory comments and those official State process recommendations which they intend to trigger the "accommodate or explain" rule.

When comments are submitted directly to ACF, they should be addressed to: Department of Health and Human Services, Administration for Children and Families, Division of Discretionary Grants, 370 L'Enfant Promenade, S.W., 6th floor, Aerospace Building, Washington, D.C. 20447.

A list of SPOCs for each State and territory is included at Appendix A of this announcement.

Instructions for the SF 424

This is a standard form used by applicants as a required facesheet for preapplications and applications submitted for Federal assistance. It will be used by Federal agencies to obtain applicant certification that States which have established a review and comment procedure in response to Executive Order 12372 and have selected the program to be included in their process, have been given an opportunity to review the applicant's submission.

Item and Entry:

1. Self-explanatory.
2. Date application submitted to Federal agency (or State if applicable) & applicant's control number (if applicable).
3. State use only (if applicable).
4. If this application is to continue or revise an existing award, enter present Federal identifier number. If for a new project, leave blank.
5. Legal name of applicant, name of primary organizational unit which will undertake the assistance activity, complete address of the applicant, and name and telephone number of the person to contact on matters related to this application.
6. Enter Employer Identification Number (EIN) as assigned by the Internal Revenue Service.

If both basic and supplemental amounts are included, show breakdown on an attached sheet. For multiple program funding, use totals and show breakdown using same categories as item 15.
16. Applicants should contact the State Single Point of Contact (SPOC) for Federal Executive Order 12372 to determine whether the application is subject to the State intergovernmental review process.
17. This question applies to the applicant organization, not the person who signs as the authorized representative. Categories of debt include delinquent audit disallowances, loans and taxes.

Instructions for the SF-424A*General Instructions*

This form is designed so that application can be made for funds from one or more grant programs. In preparing the budget, adhere to any existing Federal grantor agency guidelines which prescribe how and whether budgeted amounts should be separately shown for different functions or activities within the program. For some programs, grantor agencies may require budgets to be separately shown by function or activity. For other programs, grantor agencies may require a breakdown by function or activity. Sections A, B, C, and D should include budget estimates for the whole project except when applying for assistance which requires Federal authorization in annual or other funding period increments. In the latter case, Sections A, B, C, and D should provide the budget for the first budget period (usually a year) and Section E should present the need for Federal assistance in the subsequent budget periods. All applications should contain a breakdown by the object class categories shown in Lines a–k of Section B.

Section A. Budget Summary

Lines 1–4, Columns (a) and (b)

For applications pertaining to a *single* Federal grant program (Federal Domestic Assistance Catalog number) and *not requiring* a functional or activity breakdown, enter on Line 1 under Column (a) the catalog program title and the catalog number in Column (b).

For applications pertaining to a *single* program *requiring* budget amounts by multiple functions or activities, enter the name of each activity or function on each line in Column (a), and enter the catalog number in Column (b). For applications pertaining to multiple programs where none of the programs require a breakdown by function or activity, enter the catalog program title on each line in *Column* (a) and the respective catalog number on each line in Column (b).

For applications pertaining to *multiple* programs where one or more programs *require* a breakdown by function or activity, prepare a separate sheet for each program requiring the breakdown. Additional sheets should be used when one form does not provide adequate space for all breakdown of data required. However, when more than one sheet is used, the first page should provide the summary totals by programs.

Lines 1–4, Columns (c) through (g)

For new applications, leave Columns (c) and (d) blank. For each line entry in Columns (a) and (b), enter in Columns (e), (f), and (g) the appropriate amounts of funds needed to support the project for the first funding period (usually a year).

Lines 1–4, Columns (c) through (g) (continued)

For continuing grant program applications, submit these forms before the end of each funding period as required by the grantor agency. Enter in Columns (c) and (d) the estimated amounts of funds which will remain unobligated at the end of the grant funding period only if the Federal grantor agency instructions provide for this. Otherwise, leave these columns blank. Enter in columns (e) and (f) the amounts of funds needed for the upcoming period. The amount(s) in Column (g) should be the sum of amounts in Columns (e) and (f).

For supplemental grants and changes to existing grants, do not use Columns (c) and (d). Enter in Column (e) the amount of the increase or decrease of Federal funds and enter in Column (f) the amount of the increase or decrease of non-Federal funds. In Column (g) enter the new total budgeted amount (Federal and non-Federal) which includes the total previous authorized budgeted amounts plus or minus, as appropriate, the amounts shown in Columns (e) and (f). The amount(s) in Column (g) should not equal the sum of amounts in Columns (e) and (f).

Line 5—Show the totals for all columns used.

Section B Budget Categories

In the column headings (1) through (4), enter the titles of the same programs, functions, and activities shown on Lines 1–4, Column (a), Section A. When additional sheets are prepared for Section A, provide similar column headings on each sheet. For each program, function or activity, fill in the total requirements for funds (both Federal and non-Federal) by object class categories.

Lines 6a–i—Show the totals of Lines 6a to 6h in each column.

Line 6j—Show the amount of indirect cost.

Line 6k—Enter the total of amounts on Lines 6i and 6j. For all applications for new grants and continuation grants the total amount in column (5), Line 6k, should be the same as the total amount shown in Section A, Column (g), Line 5. For supplemental grants and changes to

grants, the total amount of the increase or decrease as shown in Columns (1)–(4), Line 6k should be the same as the sum of the amounts in Section A, Columns (e) and (f) on Line 5.

Line 7—Enter the estimated amount of income, if any, expected to be generated from this project. Do not add or subtract this amount from the total project amount. Show under the program narrative statement the nature and source of income. The estimated amount of program income may be considered by the federal grantor agency in determining the total amount of the grant.

Section C. Non-Federal-Resources

Lines 8–11—Enter amounts of non-Federal resources that will be used on the grant. If in-kind contributions are included, provide a brief explanation on a separate sheet.

Column (a)—Enter the program titles identical to Column (a), Section A. A breakdown by function or activity is not necessary.

Column (b)—Enter the contribution to be made by the applicant.

Column (c)—Enter the amount of the State's cash and in-kind contribution if the applicant is not a State or State agency. Applicants which are a State or State agencies should leave this column blank.

Column (b)—Enter the amount of cash and in-kind contributions to be made from all other sources.

Column (e)—Enter totals of Columns (b), (c), and (d).

Line 12—Enter the total for each of Columns (b)–(e). The amount in Column (e) should be equal to the amount on Line 5, Column (f), Section A.

Section D Forecasted Cash Needs

Line 13—Enter the amount of cash needed by quarter from the grantor agency during the first year.

Line 14—Enter the amount of cash from all other sources needed by quarter during the first year.

Line 15—Enter the totals of amounts on Lines 13 and 14.

Section E. Budget Estimates of Federal Funds Needed for Balance of the Project

Lines 16–19—Enter in Column (a), the same grant program titles shown in Column (a), Section A. A breakdown by function or activity is not necessary. For new applications and continuation grant applications, enter in the proper columns amounts of Federal funds which will be needed to complete the program or project over the succeeding funding periods (usually in years). This section need not be completed for revisions (amendments, changes, or

supplements) to funds for the current year of existing grants.

If more than four lines are needed to list the program titles, submit additional schedules as necessary.

Line 20—Enter the total for each of the Columns (b)–(e). When additional schedules are prepared for this Section, annotate accordingly and show the overall totals on this line.

Section F. Other Budget Information

Line 21—Use this space to explain amounts for individual direct object-class cost categories that may appear to be out of the ordinary or to explain the details as required by the Federal grantor agency.

Line 22—Enter the type of indirect rate (provisional, predetermined, final or fixed) that will be in effect during the funding period, the estimated amount of the base to which the rate is applied, and the total indirect expense.

Line 23—Provide any other explanations or comments deemed necessary.

APPENDIX C

U.S. Department of Health and Human Services
Certification Regarding Drug-Free Workplace Requirements
Grantees Other Than Individuals

By signing and/or submitting this application or grant agreement, the grantee is providing the certification set out below.

This certification is required by regulations implementing the Drug-Free Workplace Act of 1988, 45 CFR Part 76, Subpart F. The regulations, published in the May 25, 1990 Federal Register, require certification by grantees that they will maintain a drug-free workplace. The certification set out below is a material representation of fact upon which reliance will be placed when the Department of Health and Human Services (HHS) determines to award the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, HHS, in addition to any other remedies available to the Federal Government, may taken action authorized under the Drug-Free Workplace Act. False certification or violation of the certification shall be grounds for suspension of payments, suspension or termination of grants, or governmentwide suspension or debarment.

Workplaces under grants, for grantees other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.

Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios.)

If the workplace identified to HHS changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see above).

Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grantees' attention is called, in particular, to the following definitions from these rules:

"Controlled substance" means a controlled substance in Schedules I through V of the Controlled Substances Act (21 USC 812) and as further defined by regulation (21 CFR 1308.11 through 1308.15).

"Conviction" means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes;

"Criminal drug statute" means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

"Employee" means the employee of a grantee directly engaged in the performance of work under a grant, including: (i) All "direct charge" employees; (ii) all "indirect charge" employees unless their impact or involvement is insignificant to the performance of the grant; and, (iii) temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the grantee's payroll. This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the grantee's payroll; or employees of subrecipients or subcontractors in covered workplaces).

The grantee certifies that it will or will continue to provide a drug-free workplace by:

(a) Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;

(b) Establishing an ongoing drug-free awareness program to inform employees about:

(1) The dangers of drug abuse in the workplace; (2) The grantee's policy of maintaining a drug-free workplace; (3) Any available drug counseling, rehabilitation, and employee assistance programs; and, (4) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;

(c) Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph (a);

(d) Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under the grant, the employee will:

(1) Abide by the terms of the statement; and, (2) Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;

(e) Notifying the agency in writing, within ten calendar days after receiving notice under subparagraph (d)(2) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer or other designee on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;

(f) Taking one of the following actions, within 30 calendar days of receiving notice under subparagraph (d)(2), with respect to any employee who is so convicted:

(1) Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or, (2) Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;

(g) Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs (a), (b), (c), (d), (e) and (f).

Sections 76.630(c) and (d)(2) and 76.635(a)(1) and (b) provide that a Federal agency may designate a central receipt point for STATE-WIDE AND STATE AGENCY-WIDE certifications, and for notification of criminal drug convictions. For the Department of Health and Human Services, the central receipt point is: Division of Grants Management and Oversight, Office of Management and Acquisition, Department of Health and Human Services, Room 517-D, 200 Independence Avenue, S.W., Washington, D.C. 20201.
